Subject: Cancellation of Regional Services Council Meeting for March 1st

Hi, Unless someone objects, we are planning to cancel the Regional Services Council meeting for March 1st. Since the last meeting the directors and I have worked on finishing the funding allocations for the services and providers that the Council approved on February 1st, and getting those to Jim Shively. Our part is completed and Jim and his staff are working on compiling that information for the region and completing all the necessary forms. In addition, I have contacted three providers regarding the Community Partners for Child Safety services. The directors and I will be meeting with those three providers on either March 7th or 8th to hear their thoughts on how those services could be implemented in our region. The three providers are Family Services of Howard County who submitted a Community Partners proposal for our region and two providers who made Community Partners proposals in adjacent regions, SCAN and Children's Bureau. We should be able to bring that to the Council on April 5th, the next date for a meeting after March. Thanks and let me know if someone has a need to meet on March 1st. Glynn Hipp.
